Our Values

CORPORATE GOVERNANCE

The Board of Directors and management of emerald-invests.com have long recognized the importance of corporate governance practices that help ensure an environment of effective oversight and strong accountability. Our goal at Fenway Partners is to generate superior financial returns for our investors by building stronger and more valuable businesses.

GLOBAL IMPACT

Powering a World of Difference As a major global financial institution, we must consider the effects our business has on the environment and the people around the world. That's why we strive to uncover new ways of ensuring sustainable economic growth that protects healthy markets and delivers value not only to our clients but also to communities, businesses, governments and people everywhere.

GLOBAL IMPACT

ESG AT emerald-invests.com At emerald-invests.com, we aim to accelerate the evolution of ESG - on behalf of clients, investors, communities and all the stakeholders - to make a positive impact on people and the planet. With our size, scale and significance at the heart of the financial system, we touch many points along the financial value chain-giving us an unparalleled view of the continuous shifts in ESG. We're uniquely positioned to collaborate with clients to drive transparency, insight and impact.

INVESTMENT PHILOSOPHY

We know that the best way to achieve this objective is to be disciplined in our approach, and that we will be more successful when we thoroughly understand a business, its challenges and opportunities. We begin by investing in portfolio's that meet well-defined criteria in industries where we have relevant knowledge. We leverage our accumulated experience and work closely with the managers of our portfolio's to implement strategies to energize our businesses.

RISK MANAGEMENT AT THE CENTER

We seek to manage risk in order to capitalize on opportunities and improve our performance. Disciplined risk estimation and management are deeply integrated components of the investment process across each one of our strategies. We believe a well-constructed portfolio upfront will outperform in good markets and protect our client's capital in difficult markets. For this reason, emerald-invests.com has spent over a quarter of a century establishing risk management as a core discipline. This approach begins with a dedicated governance group that oversees risk management. An emphasis on liquid markets, proprietary risk models and a diversified funding structure seeks to further strengthen our approach.

At emerald-invests.com, we advance sustainable economic growth and financial opportunity. Drawing on over eight years of experience working with the world's leading businesses, entrepreneurs, and institutions, we mobilize our people, culture, technologies, and ideas to advance the success of our clients, broaden individual prosperity, and accelerate economic progress for all. Our purpose comes to life through our four core values: Client Service, Excellence, Integrity, and Partnership.

Stocks

Swing Trading

Swing trading is a style of trading that attempts to capture short- to medium-term gains in a stock (or any financial instrument) over a period of a few days to several weeks. Swing traders primarily use technical analysis to look for trading opportunities.

Futures

Futures contracts also exist for bonds and even bitcoin. Some traders like trading futures because they can take a substantial position (the amount invested) while putting up a relatively small amount of cash. That gives them greater potential for leverage than just owning the securities directly.

Stocks

Options

Buying stocks and holding on to them with a view to making long term gains is after all, one of the more common investment strategies. It's also a perfectly sensible way to invest, providing you have some idea about which stocks
